vought@msn.com

Hi Everyone, As I write this, it's overcast and cloudy, and it looks like fall is here. The maples in my yard are turning red and dropping their leaves, and the days are definitely getting shorter, so it is of course getting dark earlier everyday now. Soon daylight savings will fall back an hour, and it will be dark at 5pm every day. I wonder who I need to see to get some extra painting time on my military vehicles after 5pm in the winter! I have been saving daylight for over 50 years.

The end of summer for me is always a time when I take stock of all the projects that line my yard like a Division motor pool with one mechanic. Sometime change is out of your control like the seasons, it comes and goes sometimes without warning.

By now everyone has heard that a large corporation known as Jellystone has bought Tower Park. What you may not know is that after several meetings with the new management team and then inviting Paul the new General Manager to the MVCC board meeting at Tower Park, it looks like that due to the many changes they have planned, it is no longer a suitable place for the MVCC to hold our annual Spring Swapmeet. Many of these changes will downsize the sites available by 75. It will also change the park in some ways that make it hard for the MVCC to accommodate our type of swapmeet. The two main reasons are loss of sites and restricted vehicle use and parking.

You may also have heard that the MVCC is talking with the KOA in Petaluma. This is also true. Even before the convention started, a few others and I started searching for a large campground that could accommodate a few hundred RVs and tents. As you can imagine, this is a daunting task when you include the need to allow us to bring Military Vehicles of all sizes wheeled, tracked, rotary wing, and watercraft and many other options such as trailer parking and local attractions for road trips.

I visited several parks in the area south of Sacramento and north of Fresno bounded by the ocean to the west and Sierras to the east and only found two viable options. One was the Alameda County Fairgrounds in Pleasanton, where we held the convention and the KOA in Petaluma. The Fairgrounds lost out for several reasons, a few being the added cost for using fairground's employees, trailer and visitor parking costs that would be mandatory, and separation. We would be scattered throughout the RV parks with full hookups and the dry camp tent areas. Pleasanton offers the largest layout but has little else to offer as it is surrounded by crowded freeways. Not to say that someday we won't end up having at least one of our annual swap meets at a fairground just to accommodate the size of our group, both business and regular members, and our visitors. It would not be too difficult for our group to host our own convention. In a way, we do every April and next year, we will have done it for forty years straight.

So with that said, you will find some more info on Petaluma in this issue. It is late, and I am sorry for that. I have been very busy. I try very hard to get the newsletter out monthly but with all that's been going on this one is late, and I am sorry for that.

Dave

Don Gomes's restored Ford GTBS, (notice the single rear wheels). Don restored this in a matter of a couple of months to get it ready for the Convention. He did an awesome job collecting the many parts needed, tearing the Burma down, and then sandblasting and getting it all painted and back together. He put the finishing touches on it and worked out the bugs to get it to the Show. He really deserves a Job Well Done. Great Job Don!

Hi All,
We had a great time at the MVPA Convention in Pleasanton. Bought a few goodies including an original shovel for the '45 Willys ambulance jeep and a nice USMC gas can for one of my other Marine Corps vehicles. If you missed it, you missed a great showing of lots of really nice vehicles, including some very rare examples not usually seen at our meets. September Tower Park meet is coming up next week, as I write this. I'm planning on doing a mini-display (one jeep instead of two) repeat of what I put together for the Convention, in case any of you missed it or would like to take a closer look at the "Pacific Island Beachhead Aid Station". I'll be available most of the time from Wednesday through Saturday if you want to stop by Space 392 and chat.

Other upcoming events in our area include:
Camp Gridley at the Butte County Fairgrounds October 12-16, always a good time with plenty to see and do.
Capital Airshow at Mather Field on October 1-2 featuring the Blue Angles this year. We're doing a military vehicle display with folks from the Vintage Foothill Jeep Group.
Auburn Airshow is October 8 at the Auburn airport with another MV display.
Several parades and display events are planned for November 11 at places like Auburn, Marysville, Oroville and Sacramento. Pick one and drive you MV in a parade!

Dave

Scott Rohrs, North Bay West VP
Divisions 707 & 415 west

recon3rdid@yahoo.com

Hello North Bay West and beyond,
Well, I think that I can honestly say that I still have a bit of a National Convention hang over! Despite the thousand of miles I have logged before and since, fighting this year's wildfires. I am very proud of our club and all of our volunteers who took ownership on putting on a great show! I will start with the members who brought vehicles for display. What a great diverse collection of vehicles we had at the show! The Tanks, Dodges, Halftracks, Command Cars, Motorcycles, and of course our beloved Jeeps! I especially want to thank all of our members that brought out the canvas and display items to make Camp Grizzly a great success! It was a great camp and I got incredible feedback from all the folks that came through the camp to check it out. People from all over the country and all over the world! I received feedback from many regulars at the national convention level and they all said that they don't get to see living history displays like we put on at our show. A very memorable moment for me was when I was able to load the OI' GPW into the landing craft. What a experience for me! I will hold that as one of the highlights of the convention! I was very proud of the show and our members who made it happen!
I have always said that we have a great club and I am always promoting it with those collectors who are not a part of it. Recruiting is all of our responsibility. That brings me to another subject, and that is Camp Delta. Whatever happens with Camp Delta we all need to be on the look out for a possible venue for our meets. I know that we travel throughout the state and there has to be something out there that can meet the needs of this great organization. So, with that being said. I task our membership to contact your VP's when you think you might have the spot! Remember we are looking for a camp that can accommodate 350+ spots, dry camping and hook ups, somewhere we can exercise our equipment, and somewhere in a central location of the north state. Those are some of the criteria that we require. I believe that we can find that! I feel that we are a huge draw for any venue and we should be treated that way.
Out in front,
Scott Rohrs

Good morning to everyone in the North Bay and beyond. It's Monday morning and I have rejuvenated from the week at "Yogi Bear's Jellystone Park, Tower Park." The weather was nice with a small amount of sprinkles and some wind. Typical fall Delta weather. The turnout was a little light probably because of the convention but still a good size group for Fall. I got a bucket full of parts for my Jeep and a lot of other good stuff. Everyone had fun doing what he or she liked to do, driving around and looking at the stuff members brought to swap or sell. All the new rules were waved for us. We got our full refund back for reservations made in advance for the April 2017 Tower Park swapmeet. We may have a new place to go in April 2017. Fly your flag on Oct.10 and Nov.11 with pride and have a safe Veterans Day.

Hello Southbay here is the latest poop on the San Jose Vets Day parade location and the meet up/jump off point.

Any questions call me. Number above.

San Jose's Veteran's Day Parade on November 11th 2016, **NEW LOCATIONS** (for this year only) for the areas for MARSHALLING for their parades participants

Per the United Veterans Council of Santa Clara County, the tentative **NEW LOCATION** for this year is Floats/Large Vehicles – Almaden Boulevard – North Bound lane, between W. Santa Clara Street and Park Avenue with overflow on W. San Fernando Street between Almaden Boulevard and Highway 87 overpass. Per UVCSCC "They will send information of the check-in and possibly traffic management suggestions from the City of San Jose on how to enter the downtown area out via email." I will post any updates, that I get, on the G503 Forum in the MVCC section. OR You can send me an Email requesting any San Jose Veteran's Parade updates to vaudevillian@msn.com and I will CC any information I get on the Parade and any information for a post parade "Santana Row" raid.

Additionally, from the United Veterans Council of Santa Clara County IS A WARNING "What we know for sure is we need to have you get the word out to all of your participating members to approach downtown from the North, East or South and avoid West Santa Clara Street, West of Highway 87 entirely. The reason is that the SAP Pavilion has sold some 14,000 tickets to a four-day event for 4 straight days including Veteran's Day which falls on Friday this year". Web site <http://www.uvcsc.org/>

(209)765-1273
caddymanwestside@yahoo.com

Hello Fellow Military Vehicle Collectors and Restorers

The September meet has come and gone. Jelly Stone Park is now in charge of what used to be "Tower Park." For those that don't know, Jelly Stone Park will be making many changes to their park. It will be a family oriented water park. When all is said and done there will be many less hook ups and spots for camping as well as other things that will be changing. When all is said and done it will not accommodate our April Meet, that is definitely a given. It appears that we may have had some luck in finding a new place that might be accommodate us. Our Club President and JoAnn Lesser are working on the new location for the April Meet. Remember Patients is a Virtue. In the Past the Club has moved from Pismo, to Patterson to Waterford to Lodi and now Possibly Petaluma. I've noticed that each time it moved it got bigger and better. When a door closes a door opens.

Events:

November 5th : Los Banos Veterans Day Parade, in Los Banos Ca. line up downtown at 9AM, parade starts at 11AM. This parade has been growing every year. Last year there were 16 military vehicles, hope to have more this year. POC is Don Gomes

November 11th : Gustine Veterans Day Parade, in Gustine, Ca. line up downtown at 9:30AM. Parade starts at 11AM. This parade gets about 10 military vehicles. POC is Don Gomes (209)765-1273

November 11th : Turlock Veterans Day Golf Tournament at the Turlock Golf Course in Turlock, Ca. NEED military vehicles. 9AM to 4PM, vehicles will be on static display. This is a fundraiser for wounded soldiers. POC is Lee Smith (209)988-8832

November 11th : Modesto Veterans Day Parade and Dedication of the New Veterans Hall. In Modesto, Ca. POC is Don Gomes.

November 12th : Gustine Airport Fly In, 9AM to 3PM, in Gustine, Ca. military vehicles and classic cars needed. POC is Don Gomes. Free Entry for vehicles.

2016 MVPA Convention:

GREAT Convention! I hope everyone had as good a time as I did. Tons of Work, Tons of Preparation, Tons of Good Times! Made new friends, made new contacts, shared stories of restorations. Learned new things about our hobby. I REALLY want to Thank EVERYONE that helped get my 1943 Burma Jeep GTBS and bomb trailers ready for the convention to be displayed. It took 9 months to get it in the condition it was in at the Convention. Both Family and Friends helped make it happen, I really want to Thank them for their hours of hard work and their patients. And I want to Thank John Verissimo for not letting me quit or give up, his reverse psychology worked. One of the things that stood out to me was the Landing Craft, that was really neat to see in operation... Everyone in the red staff shirts did an Outstanding Job at the convention.

I did not make it to the Troop Train because of working at the convention but I heard it was a Great Success!

I want to thank all the military vehicles that came to the Newman Fall Festival, we had 8 vehicles that came to the parade. It was an honor for us to be up front with the local VFW as always.

If you have an event or need something please feel free to call or email me.

Petaluma KOA April 18-23 2016

Dave Ball

Above is the Map of the Petaluma KOA Campground which you can find at www.Petalumakoa.com. You can also go to google Earth and see the actual campground in color but remember the satellite view you see is at least a year old. This map shows the whole park and the types of sites available to us. The MVCC has available the whole park except rows A,B, C, D, E, and F. I have negotiated the rates for the sites and JoAnn Lesser (408-238-8277) who is the Wagon Master for this event is now calling MVCC members to ask you what type of site you prefer and the type of camping you do i.e., tent or RV. There are many different types of sites and ways to save some money on those sites. I would like to encourage everyone to double up with friends as that is the best way to save money. Most of the RV sites are twice the size of Tower Park. There are lots of dry camping areas that a small RV can use, and KOA has a pump truck and will pump out RVs twice for free. If we use the space wisely we can accommodate more campers than Tower Park..

On this page are Three armored vehicles seen at the convention they belong to Joe Garbarino and can be seen at Joe's WW2 museum. The Tanks were Transported to the convention by Team Ghilotti. Last month in issue 8 I mistakenly said Gary Ghilotti and in fact Team Ghilotti is owned by Glen Ghilotti. Sorry for the mistake. Top: Sherman M4A3E8, Bottom left: M19 Bottom right M22 Locust Ed.

CLASSIFIEDS

FOR SALE

For Sale: Dodge M56-B/WW-T245 Navy Maintenance Truck.

This truck has never been registered but it comes with the Certificate of release from the US government dated March 1986, so it can be registered.

Some parts were removed that I have been replacing over the years that I have owned it, but I don't have the time to finish it up. I have most of the missing parts that can be put back on the truck to make it complete. I need to down size and this truck plus a couple of other trucks need to find new homes. I was told that it was running when it was parked, but I have not tried to get it running. The generator/welder has been removed from inside the body, but the control panel and wiring are still on the truck. The two lower back side storage compartment doors are missing from the body and the roof has some damage. Some surface rust but no rusted through holes and the body is straight and in good shape. The distributor has been replaced with a civilian unit and the generator has been replaced with a 24 volt alternator. All of the front lights that are missing need to be removed from an M37 parts truck that I have too. Please review the pictures and let me know if you have any questions. The truck is located just south of the San Jose City limits near Lake Calero.

I am asking \$2,750.00 for the truck. You can contact me at 1-(408) 268-2770, or rjheim38@comcast.net. I am in and out all day long so, e-mail works the best and I check for new e-mail regularly throughout the day. Picture Below 10-16

For sale: Dodge 1/2 ton parts: Complete transmission, rear axle shafts, third member 4:89, New Master Cylinder, Wheel cylinders, 16 inch wheels and rings, Steering gear and column, Door parts for closed cab, 6volt horn, Etc.. All reasonably priced.

Tom Lamar: 408-296-7677 12-16

WANTED ITEMS

Wanted: For WWII WC51/52, or vehicles that interchange. Need inner and/or outer Windshield Frames, Tailgate and hinges, one Hood Latch. Also need the Bed Wood, one or two good pieces so I can make new ones. Or the Plans for making new ones if you happen to have them. Also need the steel bed strips.

Matt (408) 398-0036 or msira36@aol.com 11-16

Wanted: Front axle suspension, covered springs for WC Dodge 1/2 ton ambulance.

The springs are covered with sheet metal.

Call or e-mail Greg Lampman 805-756-5182 or glampman@calpoly.edu 11-16

Wanted: Dodge brake drums, Budd, part number 45406. These brake drums fit 3/4 ton Dodge WC, Flat fender Power Wagon and Dodge M37. 14.185 Max I.D.. Tom Lamar 408-296-7677 12-16

Sewn in our canvas shop from Matrix car cover material. This fabric allows moisture to escape but rain beads and rolls off. The inside is soft and gentle on your paint job. Can be used outdoors as a weather cover or indoors as a dust cover. This cover is custom fit to the vehicle and features a stretch band in the lower hem to keep the wind from lifting it. Fits over spare tire and gas can. Two large grommets are installed for a security cable or tie down running under the vehicle. Easy for one person to put on or remove. Light gray color outside, white inside. A storage bag is included.

Remanufactured Engines

Surplus City Jeep Parts carries remanufactured 4 & 6 cylinder engines for military vehicles and civilian jeeps. We can rebuild your engine or order one from stock and exchange your core. Please call to discuss the details on this. Subject to availability.
