REMEMBER PEARL HARBOR!

Hope you all are ready for the year ahead. First a quick note to wish our webmaster Sean Nichols and our secretary John Verissimo speedy recoveries, both of you are key to keeping the wheels on this club.

As we closeout the year I look back at the changes to the club in 2019, from decamping from Tower Park, the move to Plymouth, and the changes in leadership, things worked well. After two meets at Plymouth we're mostly settled in the location and with the reservation/check-in system. With that being said, please read all the instructions and fill out the form, this saves you time and helps us with the workload of the club. If you do have questions, Joann can answer them, but I ask you try email first before you call her. The next issue will have the info on the jeep kit raffle and how to buy your tickets, so heads up for that. Remember this is a members only raffle, are your dues up to date.

That's all for now I hope everyone has a Merry Christmas and a Happy New Year! As for me, I have to rebuild the brake system on my CCKW cargo tomorrow, fun!

WAGON MISTRESS

April Camp Plymouth

Tuesday 4-14 thru Saturday 04-18

Time to put away your holiday decorations and get ready for Camp Plymouth at the 49'er RV Resort and the Amador County Fairgrounds. The MVCC has been charged by the RV resort and the Fairgrounds to now take all registrations and payment. If you attended in September 2019, this is how reservations were handled. It's a new way of doing things and might be a bit confusing. Hopefully I can help with any questions that might arise. You will find in this issue the registration form and a page or two titled "Operational Orders." The form is simple enough to fill out. If you attended the April 2019 event, you should use that space number when filling out the form. If you've forgotten your space number, no worries I have that information. Returning attendees registrations form will be accepted starting January 1, 2020. New attendees registration forms will be accepted and filled starting February 1, 2020. New attendees please mark "new" on the space# line on the registration form. I will assign you a site when I receive your registration and will follow up with you. If you have spoken or e-mailed me regarding a site move, I will do my best to accommodate your request after all returning members registration forms have been received.

A few things to keep in mind. Registration forms will be accepted and processed as they arrive and sites will be filled first by those that attended in 2019. New registrations will be filled after returning members registration forms have been received.

The deadline for all registrations will be March 15, 2020. Do not procrastinate in returning your forms and payment. The MVCC has deadlines to meet with the RV Resort and the Fairgrounds and may not be able to hold sites indefinitely. Any sites not registered for after March 15 will be considered open and available.

Cancellations with full refund must be received by March 30,2020.

Cancellations after April 1, 2020, will be considered on a one-on-one basis with possible loss of payment.

No refunds will be issued during the event.

Just got back from the Salinas Veteran’s Day Parade, Jeep is in the garage for the winter, with the “trickle charger” in place. My “striker” John Dick was of great help in accompanying me today. His help in loading and unloading the jeep was of great help. Not sure that I could have done it without him. Not sure how long I’ll be able to continue to do this. Bill Spears had contacted me and thought he would try and get his Bantam out of “moth balls” (his words) and make this parade, but unfortunately was unable to complete the mission. Marc Goldman showed up at the parade with camera; apparently his jeep has some serious engine problems and he doesn’t have the money to fix it at this time.

I had a number of events that I could have attended. I was invited to join up with Doug Boales with his Armor display outside of Levi Stadium, or the San Jose Parade, or even the Watsonville Parade, but decided to stay closer to home.

There was another jeep in the parade, unfortunately I no longer have any membership application in my glove box. But did give him a sales pitch, he indicated that he had several other vehicles he was working on to restore, and told him that our meet would be a good place to pick up parts that he might need. Gave him my card an hope to hear from him.

I do not have much on my Radar for the next couple of month; other than the Pacific Grove Good Old Days which is not until April 4th & 5th 2020. If you have anything before that please let me know.

Merry Christmas
 Jack

Hey fellow MV nuts,

Fall is kinda here but this warmer than usual weather is making for some great progress on outdoor projects. Last month I mentioned a challenge I had with getting my halftrack motor onto a stand. I ended getting two used engine stands from a friend. They happened to line up facing each other just right and their front legs even overlapped perfectly. I fabricated a bracket that mounted to the front motor mounts. I happened to have some leftover angle iron from a machine installation at work. I needed to make sure the fan didn't hit. On the back side of the motor I was able to bolt onto the motor where the transmission mounts. I used the wrecker to lift up and hold the motor while I attached the motor stands on each end of the motor. I got lucky with the height so the motor rotates pretty good and isn't too top or bottom heavy. I rolled it into the shop as a winter project. It doesn't turn easily on the floor but my pallet jack takes care of this issue. See picture below. I've already scraped a ton of gunk off the motor and am preparing to go thru the motor. After changing out some gaskets etc., I'll paint the motor before installation into the halftrack. I need to tear down the crusty halftrack in order to get her ready for restoration. I put a big dent in that task but will share info and pics next time.

In regards to events, I got a last minute call from the Napa Solano Veteran Riders to participate in the Fairfield Veterans' day parade. The weather was great and I happened to be joined by a nice M35A2 and an M151. I met some great folks from the VFW post 2333. They are super interested in more MVs next year. Please send me info on upcoming events you are aware of so I can spread the word.

Camp Tanforan

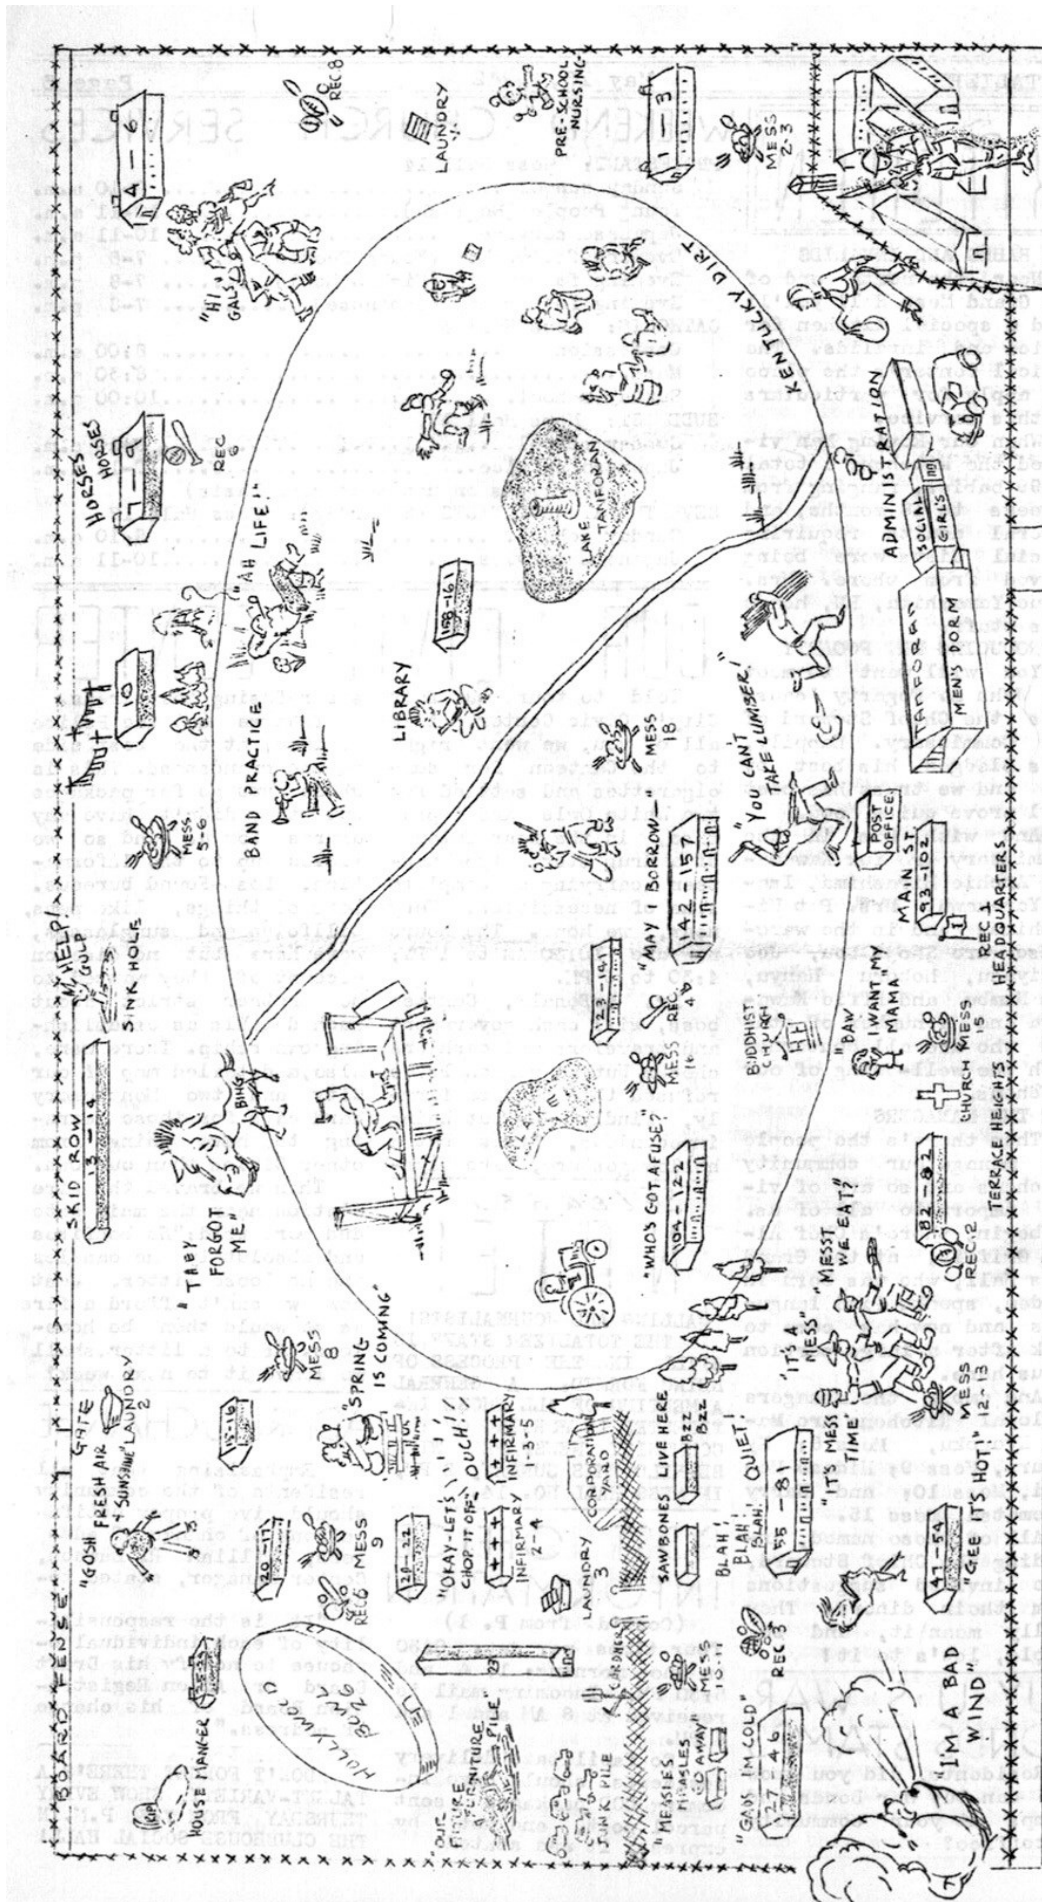

(Tanforan Assembly Center, Naval Advance Base Personnel Depot, San Bruno)

The Tanforan Assembly Center was located 12 miles south of San Francisco. In April 1942, 118 leased acres were acquired from the Tanforan Company, Ltd. The United States Navy established a base in San Bruno , California, on what was the Tanforan Horse Racetrack. There it operated a Classification Center and a Naval Advance Base Personnel Depot. After the war, it continued operation, and became host to the consolidated Western Division of Naval Facilities, supporting the multiple Navy bases that were operating in the greater San Francisco Bay Area. Due to the 1993 BRAC (realignment), the Navy decided to close the base in October 1994.

The federal government retained part of the former Naval Facility. The Pacific Region (San Francisco) facility of the National Archives and Records Administration was established. One of the buildings became a Navy and Marine Corps Reserve Center, which hosts the Headquarters Company of the 23rd Marine Regiment, amongst other units. The rest of the facility was sold to a private developer who has built multi-story apartment buildings on the former base. The 20-acre (81,000 m2) area of the former U.S. Navy complex is bounded by San Bruno Avenue, El Camino Real, Sneath Lane, and I-280.

The site is currently the Tanforan Park Shopping Center. The racetrack, opened in 1899, burned down in 1964. At the southwest entrance of the mall, there is a large statue of a racehorse and jockey and a group of historical markers. One marker has a brief description of the racetrack and assembly center. Other markers commemorate the first airplane flight from a ship, the racehorse Seabiscuit, and an early developer.
