VOL. XLIII

International M-1-4 1/2 ton truck with dual rear wheels.

The truck is loaded with Marines on their way to the artillery range. Seated in the front passenger seat next to the driver is a noncommissioned officer.

On the cowl side is the letter I and a number 1. This means the truck belongs to the I Battery 1st section.

Trucks registration number is USMC 3715.

USMC Ed.

# AT THE FRONT

Chris Thomas, MVCC President  
(559)-871-6507  
moparacer@sbcglobal.net

Hello MVCC

I hope everyone is safe and in good health. I've had many messages from members about the ongoing COVID-19 event. Some have lost jobs, some have had time to clean out the garage, and a few lucky ones are finally finishing their MV projects. We all want to return to normal as soon as we can. The one thing that truly binds us together is friendliness. I may not know your name, but we probably have spoken or stood at the same table to listen to a great MV story. Yes, we are a car club, and so much more.

The future is bright because we do have an event that is still on and that is the Eagle Field Dinner, Dance and MV Rally June 18 -20<sup>th</sup>. This may be the first event after the lockdowns are lifted so plan to come out. I spoke to Joe Davis, the owner of Eagle Field and he is inviting everyone to the field with free camping and The Swamp will feed you on Friday night. Camping is dry only, but Eagle Field has real showers and restrooms. You have spare parts to sell? Joe says Great! Bring them out, lay them out and sell them. Armor is very welcome, maybe we can have armor races! The Eagle Field Dinner is a true World War Two USO-style Dinner/Dance with a full big band and ambience of the 40's. And the food is great!

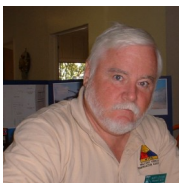

Update on the jeep kit raffle. The drawing was held April 17<sup>th</sup> at 6pm at the gate to the Amador County Fairgrounds parking lot. More info to follow in the May newsletter. Thanks to all who bought tickets and supported your club the MVCC!

Stay Safe, Stay Healthy, and Stay Tuned.

Morning MV'ers,

Hope you're all doing well out there and not going stir crazy. I've been out of school since 3/13 and it's been decided we're not going to be back this year. Now it's time to teach Auto online...hmmmm. Hopefully things won't go like the video below! [https://youtu.be/BSxM6\\_zEw2k](https://youtu.be/BSxM6_zEw2k)

To keep sane I've discovered the "Workshop Practice Series" of books. It's printed in England and covers all kinds of metal working and fabricating topics in a really practical fashion. I've had to look up some of the "English" English to see what in the world they are talking about, but it keeps me on my toes. I finally read "The Ravens", which I picked up at Tower Park a while ago. It's about FAC's in Laos. Good read!

What those guys did in Cessna Bird Dogs is amazing. The M37 is also VERY clean now. I'm contemplating mounting some reverse lights using some items I picked up from Joe H. I have no idea what they are from, but they're 28v 100w and say "Aircraft". That should work, right? I'm going to try and find a way to use the trailer harness. I've also found Mark Felton Productions on YouTube. He's done brief videos of some fascinating military history that you may enjoy. He seems to do good research and is passionate about history which makes for good stuff. <https://www.youtube.com/channel/UCfCKvREB11-fxyotS1ONgww>

Then there's the Dodge video I found. It's not an MV, it's kind of long, but the actions shots are worth watching. I feel for the driver! I wonder if they have similar footage somewhere for the MV's.

<https://www.youtube.com/watch?v=JB9RC9KI0Ho>

Since it appears we're all grounded for a while I thought it may be fun to share some MV photographs. I don't have too many because I'm new at this stuff, but I suspect some of you have some good ones.

Attached are some of Lee's recent contributions. If you have anything you would like to share send it my way and I'll post it to the 510/925 group.

Stay Healthy,  
Andy

Well a bunch of “Car Shows” have showed up on this year’s local agenda. Unfortunately they all require a registration fee as they are putting them on for different charitable organizations.

The first one is the 7th Annual Classic Car Show at the Veterans Transition Center on Sat. June 6th; at Historic Fort Ord. Their web site. <https://www.vtcmonterey.org/2020-vtc-classic-car-show/>.

The second one is “Monterey Rock & Rods Festival” on June 19th & 20th. I did participate a few years ago with the Jeep and managed to garner a trophy. Of course I had an in as I had the only Military vehicle at the whole show. Their site is <https://www.montereyrockrod.com/>.

The third is also in Monterey the 3rd Annual “Gators & Rods” on July 25th – 9:00 AM – 4:00 PM at the “El Torrito Restaurant” Parking lot. Unfortunately I can’t find a web site for this event.

The fourth event is much later in the “year”. Title is “Cars in the Park” sponsored by the Marina Rotary on Sat. Oct 10th. Location is Vince DiMaggio Park, 3200 Del Monte Blvd. Marina event time 8:00 AM to 3:00 PM. Website is here <http://marinarotaryclub.org/cars-in-the-park-info.html>

The fifth is also scheduled in Oct. in the Historic Town of San Juan Bautista, sponsored by the “Gold Coast Rods” on Sunday Oct. 18th from 8:00 AM to 3:00 PM. Website SAN JUAN BAUTISTA SHOW.

Now don’t forget the one’s I mentioned in last month’s newsletter that take place in August. You are can always email for some more or updated information. See you at Plymouth.

Jack

bigmike405@hotmail.com

Howdy MV'ers,

It's a bummer about the cancellation of our spring event. I was really excited about this years showcases and getting to see everyone again. Assuming our world will come back to some levels of normalcy soon, we can focus on a much bigger fall event. As I was preparing for the April event, I came to the realization that I wasn't going to have the HEMTT fixed in time to bring it so, on a positive note for myself, I have more time to get it back on the road for the next event. Regarding the HEMTT, I pulled the remaining parts including the aftercooler, turbo and supercharger. I had the aftercooler checked and cleaned. No issues to report on that. I didn't see any visible cracks on the heads but I was concerned there may be something there I can't see. I decided to have them checked. I called around to get pricing for having the heads magnafluxed. Most shops told me they didn't work on heads that big. I found one shop in West Sacramento that quoted me \$275.00 each YIKES. I happen to be working in Reno for the next few months so I called shops in the Reno, Sparks area. I found a shop called Aims in Sparks NV. They quoted me \$80.00 for both. I tore down the heads leaving only the exhaust valves. After disassembly, I muscled them into the back of my truck for the ride to Reno. let me tell ya, them puppies are heavy. The shop performed the magnaflux As well as a vacuum test. They passed the tests but were Warped about .010" so they ended up resurfacing the heads. I picked them up and I can say they did a nice job and the prices were way better than others. I recommend Aims in Sparks NV for engine machine shop work. The engine rebuild kit is now on order so I need to have enough room to access the main bearings. In order to get better access to the motor, I pulled the front tires off the HEMTT. They are 500 lbs. each so I needed to be careful not to let them fall over or worst yet, fall over on me so I strapped them to the side of my deuce. If you ever wondered what a deuce would look like with 1600 X 20 tires...here you go...Next month I'll update the rebuilding process on the HEMTT motor. I'm also still offering free food and adult beverages in exchange for labor.

In regards to upcoming events, I'm assuming there will be cancellations until this virus passes us by so stay tuned and let me know about any events that are going on so I can share them with others. Be safe during this interesting chapter in our lives. Mikes pictures below and page 12 and 13.

Until next time,  
Big Mike

415-259-8177  
recon3rdid@yahoo.com

Hello North Bay West and beyond,

Well, I will start with what we are all feeling right now, disappointment! Right now as I write this I should be relaxing in my “Hooch” in Plymouth, having some beverages and telling knuckle busting adventure stories from Spearhead 6 in Normandy. Instead I am at home with “Daddy Daycare” while my wife deals with the reality of this time we are experiencing right now. What I can say is with my responsibilities as my son’s Little League coach has been cancelled; it has left me with actual time to take care of home improvement projects, liquidating of vehicles, (sold 3) and of course my MV projects. I have taken a pretty good chunk out of my list of repairs to my 1942 GPW Script P/U. I still have a long way to go, but the goal is to have it reliable enough to take hunting this August. I just got done today loading the Ol’ Paint gun and throwing some OD lacquer hot spray (G.I. issue) on my Dodge combat wheels. I will mount a set of 900’s on them to have a trail set of wheels for the WC3. They have been in primer and ready for paint for over 2 years! I also had the seats out of the Jeep Truck blasted, repaired, and sprayed. New canvas to install on it later this week will be leaps and bounds better than sitting on the fuel tank like I have been doing.

On another note, there is still a jeep raffle! Maybe I’ll win another Script GPW. Probably not, but you got to buy a ticket to win. I bought 40! We will have a happy club member though because you had to be a good standing member to buy tickets!

Lastly, with the cancelation of EVERYTHING, many 75th anniversary events were and or will be cancelled (I hope not). I’m glad I was able to do the Cloverdale Citrus Fair parade and carry one of the 5 WWII veterans alive in town. I hope the 4th of July we will be back to social events.

Until next month, stay healthy, and get to work on those rigs!

Scott Rohrs

North Bay West VP

- 2) **1943 White half-track**. Runs and drives, new starter, starts and stops. New front tires. Lights are not connected at this time. All new interior. Seat backs and bottom cushions from Beachwood Canvas. Beachwood canvas cab top as well. \$50,000. Street legal in California.
- 3) **1944 Dodge WC 52**, original 12 volt radio truck. Runs and drives. New master and wheel cylinders, all lights work. Engine needs a valve job. \$6,000.
- 4) **1944 Dodge WC 52** original 6 V barn find, all wiring still original, all original wood bed new master cylinder, new wheel cylinders. New tires, runs and drives, lights not working at this time. \$12,000.
- 5) **1945 Ford GPW** very good condition. Runs, drives, starts and stops. New master cylinder, new wheel cylinders, 50 caliber machine gun M 31C pedestal mount, Combat rims and a BC 659 jeep radio. \$25,000.
- 6) **Ford GPW**, VIN 108038, Date of Delivery 4-23-43. Was restored 10 years ago by a specialist but never driven, kept in a safe garage. Every item is absolutely correct with many F-marked components and bolts. New Beachwood Canvas summer top and seat covers, new Denman American tires on correct combat rims, correct OD paint. Engine runs very quiet and has excellent oil pressure. Original 6-volt electrics. Clear title and current registration. A steal at \$20,000. Located in Santa Barbara.
- 7) **K 38 Telephone Trailer**, restored, very rare, attaches to a Jeep. \$2,500.

All vehicles are in running/driving condition. They all start and stop. All vehicles have new master cylinders and new wheel cylinders except for the half track. Its brakes and Hydro Vac system function correctly.

All of the vehicles have combat rims and new tires, Tubes and flaps except for dodge 1944WC 52 the one with the markings C 14 , has older tires. Will sell the whole lot or individual vehicles.

Vehicles are located at the Santa Barbara Motor Pool, Santa Barbara, CA

**How to purchase:** You can email or call your order in to Don Gomes(209)765-1273. He will let you know if its in stock and give you a shipping quote. **How to pay:** Check or Money order. The club is working on getting a paypal account but its not ready yet. **Shipping:** Average shipping is \$6.99 but if it's a really small order it can be less or if it's a large order it might be more, out of country is more. **Ships from Gustine, Ca.** Email at [istanbull@sbcglobal.net](mailto:istanbull@sbcglobal.net) Any questions please ask! WE also have a few previous years event tshirts and other stuff like coffee mugs etc. **Mail payment to MVCC Treasurer, Christina Verissimo, 850 Elm Ave, Gustine, Ca. 95322**

This is Going to Leave a Mark. Note the soldier, looking old enough to be smarter than that, one-handing a 50 pound M1917 machine gun tripod and cradle. The one on the left carries the 35 pound gun. The two ammo box carriers are likely going to be survivors. Truck is probably a Dodge WC3 or 4. John Neuenburg

**Military Vehicle Preservation Association**  
**History In Motion**

*Since 1976 the Military Vehicle Preservation Association's mission is to provide an international organization for military vehicle enthusiasts, historians, preservationists and collectors interested in the acquisition, restoration, preservation, safe operation, public education and display of historic military transport.*
