AT THE FRONT

Dave Ball, MVCC President
(408) 805-0065
vought@msn.com

Hello Everyone: I hope everyone has been enjoying the great weather we are having. Yes, I know we could use some rain and snow in the hills. If you're like me and work outdoors, this weather is a gift. I am going to take the Command Car for a ride tomorrow and enjoy the sunshine. I hope everyone can get some time to get out do the same with their vehicles.

Our calendar is filing up with upcoming events. Remember to send your event or article to the editor for inclusion into the newsletter as soon as possible to allow for maximum lead time.

I am running about 2 weeks behind thanks to the flu, which was one for the record books. I am just about over it with just a cough to remind me to wash my hands frequently.

Our Spring Swapmeet at Camp Petaluma is fast approaching, and there are still some cabins, lodges, RV, and tent sites in the group area available. There are about 16 sites altogether. If you failed to reserve a spot, you need to call the KOA directly, 1-707-763-1492, and ask for Danny. The remaining sites were given back to KOA by Joann on 2/15. I have posted a map in this newsletter that lists some of the available sites. This year, the MVCC Headquarters trailer will be in RV Site #176.

As the President, I want to share the following with you. Most of the time, I find myself on point, and that has been the case with finding new homes for our swap meets. The spring swap meet started in the early 1970s at Buttonwillow, CA. It then moved to Patterson, Big Bear Park in Waterford, and then to Tower Park in Lodi. The annual fall meet at Woodson Bridge also had some issues with the park that landed that meet at Tower as well, which gave us two meets a year at Tower Park.

Each of these moves were caused by changes at the campgrounds that were out of our control; although, it could be argued that we outgrew Patterson.

Big Bear Park was sold to a developer and houses were built. Tower Park has gone through many changes, and the changes are continuing since being sold to the Jellystone Corporation. Rosa's Restaurant and bar have been removed, 6 or 7 cabins have been built in the area we were camping last fall, and the area where we parked our trailers is now a miniature golf course. The water park is being built as I write this.

I have permission for us to park our car trailers by the water tower on the other side of the road. There is a new park map on the Jellystone Lodi webpage showing these changes.

By now you are probably wondering where I am going with this, well here it is. The club is still growing and now has 500 plus members. It is very hard to find a campground that works for everyone and a group our size. We have gotten soft moving to sites with full hookups, wi-fi, and cable TV, and cabins, swimming pools and restaurants on-site. In my mind, some of this is unnecessary, but I am hearing different.

Our spring gathering started as a swap meet where we could get the vehicles out for some fun and hang out with some friends and trade excess cash for GI green.

I am well aware of the problems with Camp Petaluma. For those that have taken the time to talk about it, the two that stand out are the location, which is in the North Bay, and on-site day use parking. For many, this trip requires them to travel across bridges and through high traffic corridors. I get that. I have to travel through the whole Bay Area and across a bridge as well. The lack of on-site parking at the KOA is only when the fields are wet, and KOA charges a fee for day use. I cannot fix the drive to the park, I am trying to find a fix for wet year parking, and I am negotiating to have reduced fees for those that are day visitors/buyers. If you are coming in for the day and arrive at the gate in a military vehicle, I was told by the park owner, Woody, you can drive in. Please if you park your MV for display, obey all fire lanes and please don't park anyone in. There will be more parking instruction soon.

Here is the big question I have for the membership, do you want a swap meet or a social event where getting together in a park with cabins, full hookups even for tents, cable TV and wi-fi, and swimming pools ranks higher than attracting a swapmeet with parts dealers. If the intent is to prioritize the swap meet above the camping facilities amenities, then maybe fairgrounds with RV and tent camping would be a better choice. Realize though some of the above amenities would not be found in a fairground. There are several closer to the central valley such as the one in Petaluma where the convention was held that would be close to major highways and hotels and still offer backroads for rides and nearby stores. Up until we were told Tower Park would no longer accommodate our large group in April, we had free parking up on the levee and day visitors and buyers got in for free. Those things have charges at Petaluma KOA and most of the other campgrounds I have visited. For now Jellystone has waived some of these rules for us in the fall.

We will return to Camp Delta for our fall meet. The levee parking is approved for those not camping and the charges for day use have been waived for now. In the fall, we are a much smaller group and require less space. There are still changes to contend with at Jellystone/Tower Park. One is that the park now requires 50% deposit on your campsite to hold it. Some people have issues with this rule, it is a new rule, but you need to abide by it and pay your deposit or take a chance on losing your campsite.

In my many years as a loyal MVCC member, I have rolled with the changes as the club has evolved. To me it has always been about the members and our vehicles. Wherever we went, I went because I knew everyone else would be there. For me the swap meet is as important as the vehicles. Most of us enjoy the hunt for vehicles hiding in a field as much as the truck that pulls in full of new stuff we have not seen yet. I have over the years watched many of those trucks get unloaded and watched as the crowd appeared and jumped into help. I am guilty of making piles of cosmoline-coated boxes as they appeared too.

So, we are at a point where it is important that I get some feedback. I do not believe Camp Petaluma will provide us with a large swap meet or one that will attract many dealers. I do believe we will have a swap meet, but it will be different and more like the old days where the members bring stuff out to swap. It will be diminished somewhat due to lack of foot traffic from day visitors due to a lack of onsite parking and entrance fees. What is it you the members want? A swap meet friendly site with less amenities but better freeway access closer to the Highway 5 corridor such as Pleasanton, or do we try and make Camp Petaluma work. Please let me and or your area VP know your thoughts. I will be at the Clubs Headquarters trailer in Site #176 during the day at Camp Petaluma. All of our contact info is in this newsletter.

UPDATE on EAGLE FIELD FLYIN DINNER AND DANCE:
In this Newsletter you will see the newest Poster for the Eagle Field Fly on June 9th! From Joe Davis of Eagle Field; For people bringing military vehicles, there will be a free BBQ Friday Night at Eagle Field for you. Also, there will be a convoy through the boonies on Saturday that will be extensively pro-level videoed using ground and drone cameras (a gentleman from Disney) so bring appropriate attire. MV folks can camp out and use showers etc. Food available during the day on Saturday. Again, the free BBQ on Friday night is for people who bring Military Vehicles to the Eagle Field Fly In. Jim Bertao will head up the Military Vehicle part of the Eagle Field Fly In, you can reach him at (209)704-4796. The Eagle Field Fly In Starts with people getting there on Friday the 8th, then the dinner and dance on Saturday the 9th, and ends when the planes leave on Sunday the 10th. This is a GREAT Central Valley Event on a historical air field from World War 2. Every year it gets bigger and better. Everyone's welcome!
Regards,

Don Gomes

Happy New Year Everyone!

Hope you all enjoyed the holidays and are ready for 2018! It's early in the year so I have not posted much in the way of events. If you know of something that's coming up please give me a shout and I'll get it posted. On the Radar:

Open Shop Day at San Leandro High Auto Shop - Late February early March???? This depends on your response. If I can get a reasonable number of people showing interest I'll set something up at the Auto Shop. I'd like to foster a relationship between the Shop and MVCC. It would be a great way to get students involved in something positive and I suspect we'd all enjoy it! The kids are used to Dodges :-).

Blackhawk Cars & Coffee – 1st Sunday of the month March-October from 8am-10am at the Blackhawk Museum, Danville. This has proven to be one of our favorite events to attend. No entry fee, loads of variety, short and sweet, and good a breakfast place across the street. If you're in a MV you can often get a "special" parking spot, the crew there seems to appreciate a bit of OD. Contact me if interested in a Convoy?

Spring Meet Petaluma KOA – April 24-29 If things go as planned I'll be in site 119. I'm not sure if I'll arrive Thursday or Friday, that depends on work. Please stop by and say hello.

Power Wagon Rally - June 22-24, www.DodgePowerWagonRally.com This is a fun event complete with camping, good food, good company, trail rides, and lots of Dodges. Just remember to keep your arms inside the vehicle due to poison oak, there's plenty! I'm still itchy...

That's all I can think of at this point, contact me if I've missed something or you have an event you feel should be added.

Andy

Camp Petaluma Showcases, Activities, and More
By John Neuenburg, Spring and Fall Meet Activities Coordinator
415-847-2801 or in_garage@hotmail.com

Wow, the big Spring meet is less than four months away! Time flies! It's the last week of April this time. What a scenic campground Petaluma KOA is, and a beautiful part of the country for MV driving. Dave, Jo-Ann, and others are working hard to make our second event at Petaluma KOA another great one. As Dave said last month, being in a campsite or cabin solves the issue about offsite parking and shuttles for day visitors. We think some who commuted from home or hotel last year will camp, maybe sharing with a friend. The inexpensive Group Camp Area with no four-night minimum is an option, as is splitting a long pull-through numbered site. Ask Jo-Ann about that.

For you day visitors, if April is dry we might have permission to park on the long field below the entrance road. But assume offsite parking and shuttle buses. If we can find volunteers with trucks, we will have a parts delivery service for folks moving items to and from that lot. MV owners in the area please note that all MVs will be allowed to drive into the campground. More on this later.

Campers may again store cars and trailers in KOAs commercial RV storage lot at the north end. We can block the tenant trailers and RVs because the KOA owner is prohibiting them from accessing their vehicles during our week. This is a great way to free up space at your campsite for vendor tables and MVs. Speaking of vendors, there seemed to be a lot of interesting merchandise for sale last year and some new sellers. This venue is in a large MV collector market and there were many new people attending who don't normally journey to Tower Park. The word about this meet is getting out. Could it be some older collectors are starting to clear out their parts and militaria? Any camper may put out sale items at no charge. There is no vending allowed outside of paid campsites. A seller wanting a hot location might consider working with a cabin or campsite renter to use his/her unused space. Share the rent! This can work for a seller who is commuting from home or hotel. Talk to Jo-Ann if you are interested in sharing a campsite.

We are bringing back a big **MILITARY DODGE SHOWCASE**, being organized primarily by Johnny Verissimo and Dave Ball. I hear there are a LOT of half tons signed up! Will it be the largest assembly of ex-military Dodges in the U.S.? All years, models, and conditions are wanted for this display and magazine article photo shoot. More details elsewhere, and please let one of these men know if your truck will be there so they can plan enough space.

Also being featured for the first time in decades is a **MILITARY MOTORCYCLE, SCOOTER, and BICYCLE SHOWCASE**. We anticipate quite a lot of variety. Let's do this twice - Thursday afternoon and Saturday for three hours each. The owner does not have to be present at our Showcases. In fact if anybody wants to drop off a bike early and leave, it can be stored next to my cabin and I will watch it and move it into the display. Showcase will be in front of the Rec Hall, or at the bottom of that street at my little cabin #81. Whatever runs will be paraded around the campground after the display. Parents hide your children!!! If you want to bring something please contact me. I am the POC.

Greg Lalonde is leading the **Point Reyes MV Excursion** Friday morning. The plan is to visit the historic RCA/Marconi Wireless Station, which was a powerful ship-to-shore and land station known as KPH. A very scenic driving loop is planned which includes a possible beach visit and lunch opportunity in Inverness. Bring your camera to catch the great vistas. Time to get "Old Betsy" tuned, lubricated, registered, and insured!

Please bring your MV! It may be that MVs driving in will not need a parking pass, just have the gate code and your wristband in your pocket if asked for it. If you don't have a campsite for parking and displaying it, we will find room. There are some common areas we can use, some depending on firm turf. I will be the coordinator for those. If you are a camper with extra room for a MV on your parking pad, please let Jo-Ann or me know. We saw a LOT of underutilized campsites last year. Please work with us to make this the best **MV** gathering and swap meet possible. Same goes for folks needing parking space. We prefer you don't show up at the gate saying, "where is my spot?" Unless directed otherwise, there is no parking in the campground outside of campsites, and no parallel parking along the roads which are fire lanes, and trailer rigs may need the space. Not much different than Tower Park. Respect traffic cones and signs please!

A **Ladies Excursion** is being planned. Hopefully a POC will be identified by the time you read this. Look for news about this and other fun stuff next month!

For Sale: Auto hauler trailer (\$3,500):

I purchased the trailer new on Sept. 22, 2007, from Hefty Trailers in Petty, TX. The trailer was custom built for the GPW, will work with other Jeeps. The floor is 10 feet in length, and the width is 63". The EW is 1900 lbs. GW is 7000 LBS. Includes tongue box with new battery for the Warn Winch and storage for straps. Has two axles and electric brakes on all four wheels.

MVPA Convoy Trailer (Cargo trailer) \$8,200 obo

2014, custom built enclosed trailer, made by LOOK, was designed for the Jeep (M38 A-1) used for the 2015, 2017 MVPA convoys. The trailer transported the Jeep from CA to the staging areas in DC and Chicago. The convoy trailer was converted to a bunk house (complete with electricity, heater, lights, desk. for crew once the Jeep was removed. I have invested approximately \$12,000 in the convoy trailer. New Goodyear tires (\$500+) upgraded leaf springs were installed last year. The trailer is fully insulated with the US flag painted on the roof. Both trailers have always been parked inside hangars at the Hayward Airport. For photos. Call Randy at 510-414-1559 or parentvp@yahoo.com
