MADAME'S CORNER AND SOCIAL GATHERING INFO

Please join us for an afternoon social in the pavilion at Camp Delta on Friday, April 20, 2012 at 2:00 P.M. Last year we all enjoyed a relaxing afternoon getting better acquainted, singing songs, enjoying wine, beverages and snacks.

All our ladies, families, friends and children are invited. You can come in a vintage dress, military uniform, wear something fun or come as you are. Everyone is welcome to join in the fun.

Please bring your favorite bottle of wine, sparkling cider, soft drink or other beverage to sample and taste.

Please bring an appetizer or sweet to share too. I'll bring the paper goods and some surprises too!!

I'll bring songbooks and we can enjoy singing some of our favorite songs. We will have extra tables available if you would like to display your hobbies; jewelry making, lace making, scrapbooking, knitting, or other activities.

If you want to offer a workshop, class or other specialty service at your campsite, please submit an article to the MVCC News or have flyers with the information at Camp Delta.

Our social afternoon together is to have fun, sing, relax, visit, make new friends and enjoy a glass of your favorite beverage and snacks.

If you have photos of past MVCC and Madame activities, please bring them to share. Thank you to our Madame's for these great ideas!!

If you have any questions, please send me an email at:
mccluske@sbcglobal.net.

Presidents Message, March 2012

With Camp Delta/Tower Park on the near horizon it gives me great pleasure to announce that the MVCC will be celebrating its 35th anniversary in grand style by providing Thursday evenings dinner in the Pavilion to all active members. This is a combination recognition and thank you for your loyalty and support of the MVCC over the years. You must present your membership card when you queue up for dinner. This is the new, 2012, digital pattern membership year card with L-K Viola's signature on it. There's still time to pay your dues if you haven't done so in order for us to mail your new card (s) out. Please make sure to bring your cards. You will only get the recognition dinner by presenting it. Meals will be available for guests and visitors at the standard dinner rates.

This March we in the Bay area have a unique opportunity to visit a true piece of US history. The Battleship USS Iowa, BB-61, will be open for tours on the weekends and it's an exciting days outing. Located near the Ford Motor Company jeep and tank assembly building in the Kaiser Shipyard region of Richmond the ship will be on display before it makes its journey to the Port of Los Angeles where she will be based. It's a work in progress and she isn't finished yet but her beauty is apparent even through the faded paint and rust. The lead ship in the last class of battleships ever produced she has served the US honorably for almost 70 years. She has participated in every military action from WWII until the Persian Gulf. Even though newer ships may have greater capabilities, it's hard to ignore her 45,000 tons of diplomacy when she's sitting off your coast!

JoAnn has been working her wonders keeping the reservations straight and filling in the gaps daily as peoples schedules change. Please make sure this month that you verify your reservation so there are no surprises when you arrive at the park. There's a full schedule of events ready to go during the week along with all the swapping and bartering that normally takes place. Please observe the MVCC policies on firearms and ammunition.

The MVCC has been a willing host for the April and September events through the years and it's due to our membership that we can do them. As the largest affiliate chapter of the MVPA we are a big part of their support network. We've been reviewing our membership and only about 1/3 of our members are MVPA members. The two organizations need to work and support each other as we move into the future. If you aren't an MVPA member please consider joining. Likewise, if you know an MVPA member who likes to attend our meets ask them to become an MVCC member. But even more importantly, we need to enroll those unassociated folks who enjoy our events into the MVCC, the MVPA, or their local MV club. There are a surprising number of faces we see every year that don't belong to any of the MV organizations around the country. Let's work on getting them involved!

Keep 'em Rolling
SUPPORT OUR TROOPS

SPECIAL MVPA ANNOUNCEMENT

MVPA Pre-Judging at Camp Delta for 2013 National Convention in Portland

Military Vehicle Preservation Association Director, Secretary, and Vehicle Chairman Tom Wolboldt will review your MV at the upcoming Camp Delta event and let you know how it stacks up against the MVPA judging standards. This will be a great way to learn how good your MV is and what it might need to be better. Those planning to enter their vehicle for judging at the 2013 MVPA National Convention in Portland, OR will benefit from this. Tom reports that this new service is making its debut at Camp Delta and the MVPA may do it at other major events throughout the year.

Contact Tom at xstuff@juno.com or 740-374-3086 to make an appointment for Thursday - Saturday. There will be a $25 charge for this service payable to MVPA. Times and location at Camp Delta will be announced. Depending on the response, first come first served.

Hello MVCCers and interested folks.
April's Tower Park / Lodi KOA camp out is coming up very soon. Time for that de-procrastination of work, on them MV's (military vehicles) and them mobile homes. Its time to start gathering parts as well. Outside my VP area, but coming up in March, (see events schedule for updates) is the send off of the Battleship USS Iowa to her new home in Southern California. We have been invited to the going away festivities. It's a chance to display our MVs to the public and maybe get some new members. Speaking of new memberships, the MVCC (Military Vehicle Collectors of California) has a new flyer to enlist memberships with. Also, there are now MVCC business cards available to hand out.
The MV hobby is somewhat easier now to participate in, than it was when I started in 1982. You can now find MV trucks and parts, in dedicated MV magazines. You can now find MV trucks and parts on Craigslist. You can now find MV trucks and parts on Ebay. So when somebody asks about the hobby let them know it is well supported by parts vendors and that the MV hobby has many periodicals, books, and websites to scour for information / parts and has many clubs to join.
If the public asks about seeing armored and tracked MVs, let them know the MVTF (Military Vehicle Technology Foundation) has a large collection of them and they do have tours available. General location of the MVTF, is in the South S.F. Bay area.

Hello to everyone in the North Bay. We have a good event coming up: the Annual Blue springs Ranch Tour on March 25, 1000 hrs. is a very good event to start the mouth out. Bring your Jeep or MV 4x4 for trail riding and sight seeing. You can ride with someone too. There is a bring your own lunch picnic with a view and lots of good MVs and parts to see. I really like this outing. See events page for details. The BIG ONE is Tower park "Camp Delta" April 15 to 22. This one is always a big turn out. If you didn't get a sight to stay at just ask someone if you can use/rent a part of theirs for a night, I have been told that some are nice enough to do that. Please see John Neuenburg' article and His Camp Delta Activities for this event. In July there will be the Benicia July 3rd evening parade and the American Canyon July 4th Day parade.
See y'all soon!

No news on my jeep repair front. I'm waiting for the transmission to return from the repair shop. Next month I should be able to report on how it runs.
I attended the first of the planning meetings for the Golden West fly-in being held June 8, 9 & 10. This year the theme is "30 seconds over Marysville."
The Doolittle B25s did practice from the Marysville airport. This year they are going to have a CAF B17. They will be offering rides for $850 in the front or $425 in the back. They are working on getting a B25 from Santa Rosa.
The Air shows at Beale and Chico have been cancelled so this show and Mather are the only two in the area. Details are still being worked out. There will be camping on site and RV sites available. Armored vehicles are allowed and they will have the military vehicles located next to the war birds. They plan on having the MVs be a part of the show and have a drive by.
There will be a dinner dance with a 40s style big band.
There will be more news after the next planning meeting

This year sure is going by fast. Before we know it, we will all be sitting at Camp Delta comparing the deals we got. I have been trying to find the time to get my truck ready. The exhaust manifold is cracked and cannot be repaired so I have another one being checked out to see if it's good. If all goes well, I won't have any problems getting it back on the road. I hope everyone else is getting their vehicles ready too. There is nothing worse than finding a problem last minute and trying to rush to fix it.

Hello from the Central Coast! The City of Salinas contacted me and has invited the M.V.C.C. to participate in their annual Colmo Del Rodeo Parade. Thousands of people will line the streets of downtown Salinas, as the parade kicks-off the famous Salinas Rodeo. There will be floats, marching bands, equestrians, drill teams, and antique vehicles.
This will be an evening parade that starts at 8:00pm sharp on July 14th. Entry applications must be submitted by May 15th. The City has requested the participants decorate their vehicles & floats with lights. I decorated my Jeep with lights for the last parade I participated in. The lights I used were battery operated Christmas lights that I purchased from Wal Mart. I must admit, the old M.V. looks a little “dreamy” decorated with blinking lights.
If anyone would like to participate in this parade, contact me as you’re sure to have a great time!

From the desk of the MVCC Quartermasters, Chris and Kim Jorgenson.
Its that most wonderful time of the year , its time for the Spring Camp Delta swapmeet at Tower Park KOA in Lodi.
That means its time to think about purchasing club merchandise at the MVCC store in space 389 to help support your clubs activities.
This year we have newly designed T-shirts, Jackets, Mugs, 2012 Service stripes along with discounts on the previous years service stripes from swapmeets going all the way back to Patterson. So you better stock up on these historical service stripes while they last.
There are Polo shirts and can cozies, decals, sweatshirts and much more.
Please stop by and support your club.
Remember all your purchases directly support the MVCC and its events. So come on over to space 389 and check out what's new.
See you at Camp Delta

This is not "my" area but since I am involved in the USS Iowa open houses here is some news. As of this writing the MVTF vehicles had to pull out of their temporary museum so the Iowa folks are extremely interested to get some more MVs on display inside their museum. Secure, dry storage through early April. Also you can store your trailer in a vacant terminal building. Contact me for details. March 17 weekend is likely the final USS Iowa open house in Richmond. See the separate article about the MV display and camping by the ship.
Sunday March 25, the Privat clan will again host their Blue Springs Ranch Tour outside of Geyserville. Trail ride, bring sack lunch, tracked MVs, amphibs in the lake, family-oriented event. See article in the last newsletter by Daniel Privat or ask questions @ theprivats@hotmail.com. Camp Delta activities are updated in this newsletter. If you see something wrong or missing, please let me know. Anybody want to lead a seminar or discussion group? If you are in range of Santa Rosa and enjoy public displays, consider the Brass in the Grass event May 6 in Santa Rosa. This is for 1900 -1949 vehicles only and includes a significant MV display plus a lot to appeal to living historians. This unique event can best be described by their website, www.brassinthegrass.com.
MVs will be the featured supporting display at the Marin Sonoma Concours d'Elegance in San Rafael May 19-20. This includes an open house for us at the Joe Garbarino Military Museum. See info elsewhere. If you know of any event coming up this year that other MVers should hear about, tell your regional VP or write your own calendar listing or article.

- **No fires on ground – peat soil burns underground! Elevated pits only. Fireplaces for rent.**

MVCC SCUTTLEBUTT

USS Iowa Final Open House and MV Display March 17, Richmond

All MVers are encouraged to display vehicles at what may be the last open house for the ship while she is in the Bay Area. The battleship is at Richmond Terminal 3 on Harbor Way South just off I-580.
Dry camping next to the ship is authorized. The vacant terminal building is available if weather is bad. Portable toilets. Possible food vendor. EMU-309 Huey will fly in and be on display 11-3 Saturday. Might even land on the ship's helo deck! This is a media event. Get updates on the MVCC forum on www.G503.com. Weekend open houses are 10-4. If you display vehicles any day let John know because he is keeping a list of participants and volunteers who will be invited to a special private interior tour of the ship near the end of their stay.

Marin Sonoma Concours d'Elegance May 19-20 To Include Major MV Display

We have been invited to be a BIG part of this annual car show taking place at the Marin Center in San Rafael. It is a Sunday car show in the Concours tradition but every year they feature a non-traditional vehicle display in support. By feature we mean they want 70+ vintage military vehicles!
Camping Saturday night, even Friday with approval. Please RSVP. RVs, car camp, tents
Open BBQ for MVers Saturday night is being planned. Maybe more.
Prominent display location by the Marin Center entrance. Attendees will walk through us
Amphibious operations in the Civic Center pond. DUKW, GPA, military boats, jeep trailers? What have you?
USMC / USN MVs on an "island" in the pond with land bridge
MVs from the Joe Garbarino's Military Museum
Themed displays if we want – foreign, WW2, Korea, VN, Desert Storm, etc.
Tentative WWII liaison airplane and military helicopter arrival on Saturday
Militaria displays, tents, sandbagged gun emplacements, living history units and vintage uniforms welcome
Embassy Suites with bar & restaurant is a 5 minute walk. Ask about special rate. Other lodging info is available.

Although we are not being judged as part of the Concours d'Elegance, the promoters have asked that MVs be in original or field condition without unmilitary modifications such as civilian paint colors, large tires, roll bars, etc. Salty vehicles are fine as is safety equipment such as dual taillights and turn signals.
A 100 foot rule is a good guideline. Any questions contact us please.

This is a one-shot deal for us MVers. Let's show the car collectors who has the real fun! Please RSVP so we can plan the layout. Let us know what you want to do. For Sale: 1/3 full size model of a WWI U S Army narrow gauge (2' prototype) trench supply train. the locomotive is model of a 1918 Baldwin 50 HP gas mechanical locomotive (it is battery powered) the cars consist of a deep well flat car, artillery shell transport car and a 4 wheel side dump car, It is 3 3/4" =1' scale, runs on 7 1/2" track (the common model club track gauge, there are about 30 club tracks in California) the train is about 20' long. Most parts have been powder coated for maximum durability. There are several published books covering the this topic.
It takes a pickup truck with a 8' box to transport the train (1500#) which I no longer have to access to, hence I must sell the train.
I am asking $19,500 for the train, it is located in Yakima, WA. Kenneth Roeh, skid-roe@msn.com. (509) 248-4449

Engineer & Work Truck Showcase Friday April 20, 2012 at Camp Delta

By John Neuenburg

This display will be in the afternoon after the Concours d'Eleguns. Someone asked if an ambulance qualifies and the answer is yes. The basic guideline is "MVs not specifically designed to carry general cargo or troops." Although an ambulance is designed to carry troops, it's much more like a work vehicle than a troop carrier. So we were thinking it would be good to talk about what qualifies and doesn't. Armored fighting vehicles are not what we are looking for. They can be in the morning showcase (if armed). SWB CCKW looks like a general purpose cargo truck but since they were mostly designed to pull artillery or other equipment they are OK, as are the biggest WW2 trucks for the same reason. Weasels were for transporting ski troops and cargo via towing on snow, so don't quite meet the criteria. Radio jeeps are not what we are looking for. Here are some examples what we consider are work trucks or not. If anybody wants to lobby I prefer my whiskey to be from Kentucky. in_garage@hotmail.com or 415-306-3607

YES	NO
Maintenance truck	Jeep, generic or with radio or gun
SWB deuce (ideally pulling gun/equipment)	Cargo truck including tracked, wagon
Large WW2 artillery prime mover	Tracked carrier
High speed tractor	Weapons carrier, carryall
Shop van all types	Command car
Compressor, generator truck	Weasel
Wrecker, crane, recovery vehicle	Armored fighting vehicles, APC, SP artillery
Dump – engineer type	Barrage rocket jeep or truck
Dozer, grader	Mule
Tanker	Motorcycle, scooter, bicycle
Lineman/signals jeep with equipment	DUKW, GPA and similar
Pole setter, auger	General cargo trailer
Bridge, bolster, ponton truck	
Ambulance including jeep and wagon ambulance	
Aircraft recovery truck	
Bomb truck (bomb not needed for this showcase)	
Aircraft tug	
Fire, crash truck	
Truck with issue G.I. equipment mounted in bed	
Trailers with work equipment including searchlight

Sewn in our canvas shop from Matrix car cover material. This fabric allows moisture to escape, but rain beads and rolls off. The inside is soft and gentle on your paint job. Can be used outdoors as a weather cover or indoors as a dust cover. This cover is custom fit to the vehicle and features a stretch band in the lower hem to keep the wind from lifting it. Fits over spare tire and gas can. Two large grommets are installed for a security cable or tie down running under the vehicle. Easy for one person to put on or remove. Light gray color outside, white inside. A storage bag is included.
