IN THE WORKS

MVPA National Convention, MVCC to propose to host 2016
At the Fall MVCC Board Meeting we decided to propose to the Military Vehicle Preservation Association that we host their 2016 Convention at the Alameda County Fairgrounds in Pleasanton, CA. This is a great venue for an indoor/outdoor vehicle and vendor show and is a great location in our region. One or two of our officers will make the presentation at the MVPA Fall Board Meeting in Kansas City this November. They like to see significant support from the hosting Affiliate Club members. We had a signup sheet at the recent Camp Delta meet for members of both organizations to indicate their support. Thanks for the 54 signatures – more than double what the MVPA wants! This will be mailed to the MVPA. More on this project in the December newsletter.

Camp Delta Spring 2013
By John Neuenburg, Camp Delta Activities Coordinator
Stoney Brook volunteered to be POC for the USN & USMC Vehicle Showcase planned for that Friday morning next April. If you'd like to help him with MV placement or helping coordinate specific segments of the display, contact him at stoneybpi@aol.com. We expect some interesting vehicles. Remember that replica vehicles are welcome – they don't have to be from USN/USMC contracts. Also a contract vehicle that is painted Army is OK. Uniformed "troops" are welcome and we expect some militaria and living history displays in support. Of course all MVs and military displays are welcome, and we are bringing back the official "Uniform Day" that Friday, and would like to schedule a seminar or two. What do you want to do? Spud cannons? Contact me via my info on the VP page.

John Neuenburg's Indian 640-B and Ed Robert's GPW at Camp Delta John Neuenburg

UPCOMING EVENTS

All events published in the MVCC newsletter or on www.mvccnew.net are open to anyone interested. You do not need an invitation, just call the POC listed for more information or to RSVP. **Check the VP reports for activities in your area.**

All articles must be submitted to the newsletter editor by the 15th of the month. MVCC News Editor Dave Ball vought@msn.com

2012 ALCAN CONVOY

We, Dan, Eric and I loaded the 42 MB and the M43 Ambulance on Dan`s 28 foot fifth wheel and left Crescent City on July 28th, heading for Mark Wiesner`s House in Brooks Oregon, He fed us a BBQ dinner, maybe it was because it was his birthday ?? Left his place on July 29th for Chilliwack, BC, the Military Museum at Chilliwack met us at the Border and led us to the Museum. Where we spent the night. Next day drove to Prince George BC Wal-Mart and got permission to camp in their parking lot !! Arrived in Dawson Creek BC Mile O on the 1st of August. Took in a parade in Rolla, BC and had a great sendoff on the 4th of August. Every day it was up at 0500 and first gear at 0700. 5 tons led off followed by 2 1/2 ton then 1 1/2 then 3/4 ton then 1/4 ton followed by the maintenance crew. If an MV broke down, it and the MV behind it would pull to the side of the road and starting looking for the trouble, If they find and correct the trouble they would fall in at the rear of the Convoy, If they could not fix it when the maintenance crew arrived, they would fix it or put it on the maintenance crew trailer and hauled to the next Camping Site. Every morning Revelry would sound at 0500 and move out at 0700 in March Units of about ten MV`s at 3 minutes apart. Each March Unit would space their MV`s about 10 seconds apart to allow cars and trucks to pass us, as we held a 35 MPH speed !! With 77 MV`s 34 Support Vehicles towing some trailers ( who would move out about 30 minutes before the MV`s as they would travel fast to our camping site and set up camp).

Having about 200 people means this Convoy had to be regimented to keep everything moving smoothly !! Every evening when we pull in Camp we were told to feed our horse first (that means gas up) some places had only one gas pump, but it helped to have Mike our Fuel Officer to keep us in line, thanks Mike. We each carried 3 GI Cans for days when we could not gas up. Each day we would cover about 200 miles. From Dawson Creek Mile 0 and 30 days later back to Dawson Creek, we traveled 4,132 Mile total. 1,100 miles on gravel roads, as we bypassed the Alcan to travel the Campbell highway and the Dempster highway to the Arctic Circle, then back to Dawson City where we took two days to get the entire Convoy across the Yukon River on a ferry that took about 4 vehicles per trip !! We ate a lot of dust on sunny days and a lot of mud on rainy day, but we loved it !! Logistic Officer Wendy was up and at it every day, doing what she does best, keeping us informed on what the next day would hold for us in where to dry camp, where to eat (if there was any food being provided) We carried our own food and drink when food was not provided by the local people. We were met by open arms by all the people in the little villages'

I remember two little boys about 3 and 4 stood at attention and saluted us as we passed, which took some time !! Some of us were able to spend a night camping near the Cabin my Dad and I built in 1942 at Mendeltna Creek, Alaska. What a treat to be able to tell my Son Dan and Janine what things were like 70 years ago !!

What a great time seeing everyone at Camp Delta this fall. It was nice catching up with friends, selling a few items, and seeing what kind of deals were to be had. There are a few events coming up soon: Oct. 13 – Navy ball in Stockton http://www.frastockton.com/2012-navy-ball.html Nov. 11 – Fresno Veteran's day parade. Contact me for info. That's all I have for now. I apologize if I've missed an event. Please email me any info you have for future events in the Central Valley. Nick

Hello to all from the East Bay. September 11, 2012, the U.S. Army Reserve asked for military vehicles to be present at the U.S.S. Hornet for a change of command ceremony. Our Museum granted there request with five. MVCC member Sieg Wroeble Myself, Kevin Karvonan and wife Terri. one Jeep, Two Staff cars one Army, one Navy and one Military Police Blazer. Short notice but we were thanked by the Colonel. Other than that, our up and coming Swap Meet September 16th, is Tomorrow.
Not much to report . looking forward to spending a little time at Camp Delta towards the end of the week . Army Staff Car still In my possession, No Bentley's in sight. That's All For Now, Over and Out the 40s Larry

Camp Delta was a nice event for me, hope you had a good time too. Some info follows in a short article. No formal plans for Fleet Week Oct. 4-8, but anyone can do their own displays wherever there is public parking with a view, such as Crissy Field. Just arrive early and together. Blue Angels practice day is Friday, ship parade Saturday 1100, air shows Sat. & Sun. start at 1230. An America's Cup yacht race will happen Sunday! A weapons display will be at the USS Hornet Museum that Fri.-Sun. 0900-1700. See full info at http://www.fleetweek.us/.
The Cost of Freedom Tribute with MV display November 7-11 in Sonoma should be a great combo event with the big Veterans Day Parade on Sunday the 11th in nearby Petaluma. Info in the Calendar and elsewhere. John

FRIENDS ACROSS THE POND

These pictures were sent to me by Stefan Leegwater, a friend who like me has a passion for WW2 Internationals. These pictures were taken at the 2012 Rolling steel event in the Netherlands. Stefan has a very nice wood bed International M-5H-6 Cargo. It like many M5's were given to the Royal Dutch Marines by the USMC and used in the East Indies. The last picture is of Stefan's latest project a Canadian 1940 Ford, with a US Holmes wrecker body. Stefan Leegwater

CAMP DELTA NEWS

By John Neuenburg

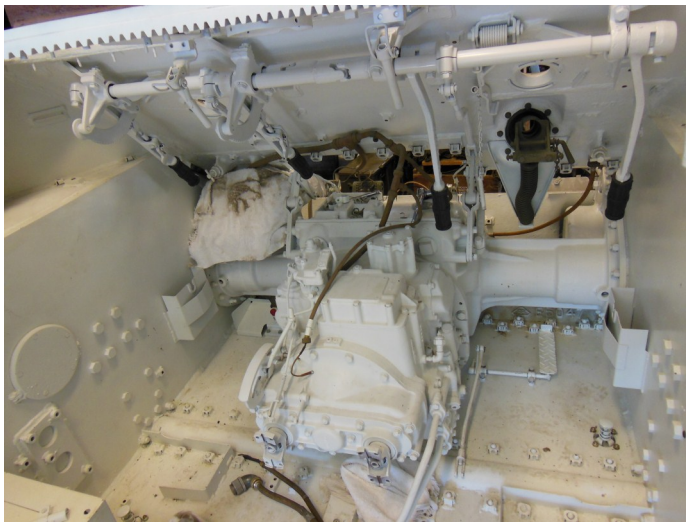
Thanks to all who attended our annual Fall meet. Looked like everybody was having a good time buying, selling, and tire-kicking. Thanks to the Civvy vehicle drivers for respecting the "MV Parking Only" signs by the Pavilion restrooms on Friday and Saturday, giving some MV commuters close-in parking plus this has display value. Folks were parking pickups and trailers in the dry camp field and that will probably work out OK next Fall unless we get a number of dry campers (it's not a parking lot at the Spring meet). We had a different UH-1H fly in on Friday – the 25th Infantry Huey is out of Concord and we hope to have them back in April unless EMU-309 can return. Jim Bundgaard set up a nice Camp Patriot tent display by the pools, dressing up the area. Thanks for your major effort Jim. The Board is considering ways to grow the Fall 2013 meet since we have the room. We are looking at an evening dinner with party, a vehicle showcase, and are talking to KOA about ways to minimize or maybe eliminate "civilian" campers in Campground 4 which will improve the look of the place. More to follow.

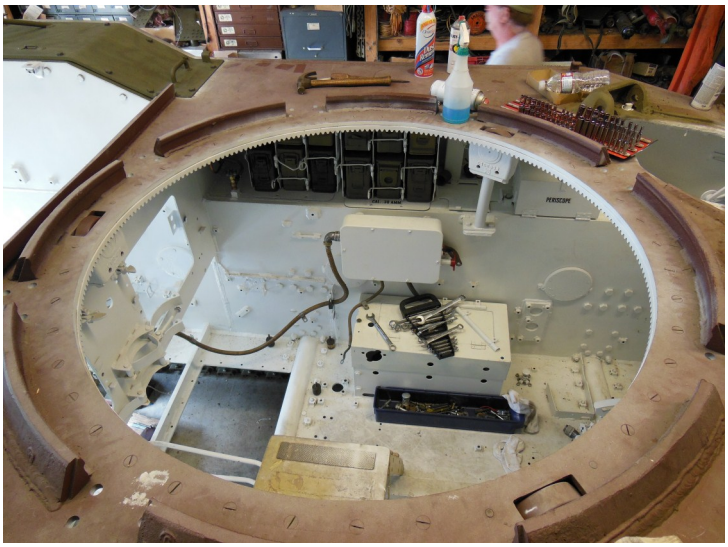
L-K devoted a lot of time talking to members about the new April-to-April membership year we rolled out last Spring. As you may remember, this change from the calendar year method we used to use is to reflect the significant number of people who like to pay their dues at the Spring meet. But since we will no longer be extending newsletter delivery to non-members, having memberships expire in January would mean withholding newsletters right before our biggest event when you want to know what's happening– not good. So for 2013, the May newsletter will be the one that is not delivered to non-renewers.

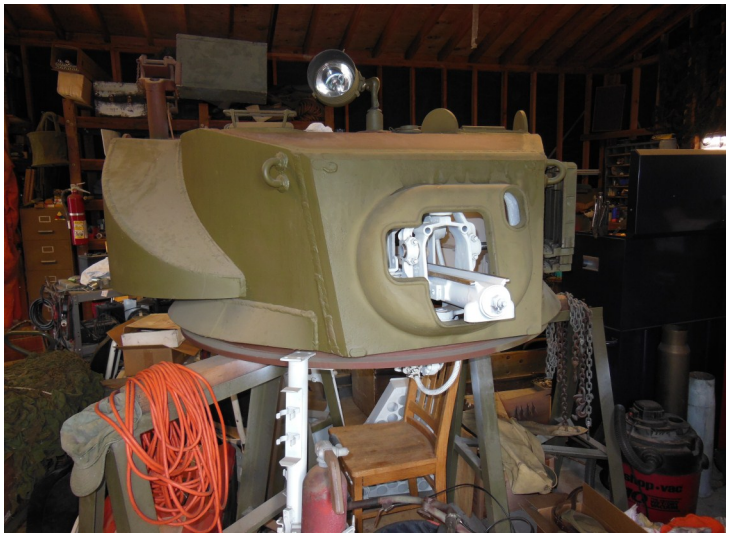
Every year a percentage of members forget to renew. This is the case for 2012. Some caught up during the meet. But be aware that many may have continued to receive a newsletter even though their membership expired last April 28. This has ended this month, so if you have a friend who is missing their October MVCC News please tell them to pay their 4/13-4/14 dues or to take advantage of the 3 year discount deal.

2012 Fall Tower Park Dave Ball

IN THE SHOP

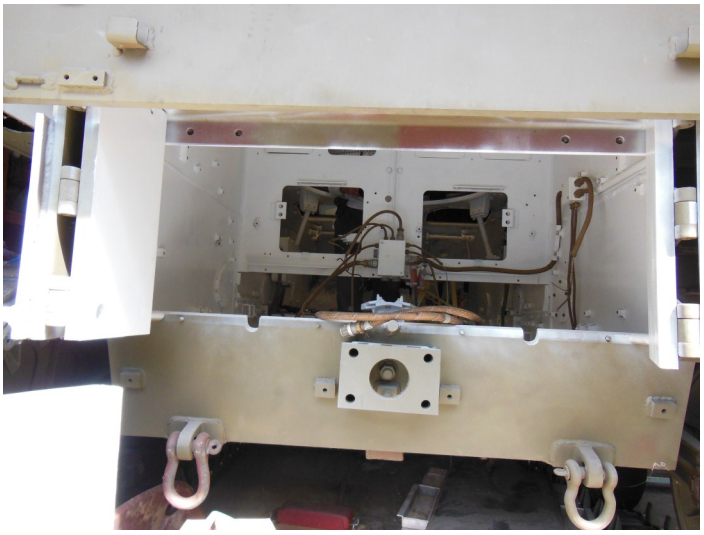






This months “In the shop” is a M5A1 Stuart. On the way home from Camp Delta, I stopped at Lee Edwards to take a couple of pictures and check out Lee’s Tank Project. It is as you can see moving along and sometime soon we should see it making the rounds at Tower Park. Lee has enlisted the help of Damon Viola and the work is now on a daily pace. On this page you can see the interior and drivers controls, outer hull, turret and that’s Lee and Kim checking out the ring where the turret will soon sit. That’s Phil checking the book. You can get a real feel for the amount of hard work a restoration like this entails.

IN THE SHOP



On this page pictures show the turret with grousers, turret basket floor, commanders hatches, power plant compartment, fully redone rubber tracks and the little Joe generator that keeps everything working when the twin Caddy's are resting.
Awesome Job Lee and thanks for the tour can't wait to come back for the engine firing.

(Have a project in progress and want to see it here in "in the shop" let me know and we will get it into the newsletter. Ed.)

FOR SALE:
Antenna Tower, 50' trailer-mounted 3-section telescoping TRI-EX steel antenna tower model HZN 354. Approx. 30' OAL when lowered for travel, 50' tall when raised and extended. Can be removed from the trailer. Originally set up with a generator, lights, etc. Originally designed with a cable & pulley system to raise the tower, and then to extend the 3 sections, but cable and winch are now missing. Pulleys in the tower sections are all there I think. Pintle or pin-type hitch will pull this trailer. No title, license plate, lights, etc. $600.
Navy Trailmobile 2-axle pull-type, steel tank trailer, for fuel or oil (?) Pintle hitch, steering front axle, spring suspension, solid brass top hatch/lid. $600
CCKW parts trucks with complete drive train and PTOs. (1) open-cab, (1) closed-cab, $900. each.
Dodge M37 parts truck, good running correct original T245 engine, 4-speed transmission with PTO, 2-speed transfer case, (some drivelines are missing, and I am told the front axle is not the correct one: out of an M715 (?) Brake condition unknown. No bed. No title. $800
Dodge M37 parts call or email what you need.
Chevrolet & GMC WWII truck parts call or email what you need.
WWII bomb trailer, and chemical trailer parts call or email what you need.
(2) 1950 Budd 6-lug rims, 20" M-series bolt-together or combat-style wheels (with old 1200-20 tires).
Braden winches, bare bones with no mounting brackets or control levers, (1) Dodge MU2, and (1) IHC MU2A
1953 Dodge M37 or M56(?) Military 4x4 Fire truck. Correct original 6-cylinder T-245 flathead engine, 4-speed transmission with extremely rare Tangen power take-off located on top of the transmission. Approx. 128" original extended wheelbase. I am told this was running when parked - have not verified that yet. According to one source, only 130 of these were made, but it also says in 1955, and this is a 1953. Tires are all rotten. Back of truck is completely open with none of the original tanks, pump, or any other fire equipment. Looks like a set of ladder racks on the RH side. There is some body damage on the right rear. This was very nicely built with some use of aluminum.
